Company Overview

ZutaCore is a global organization focused on revolutionizing cooling solutions for the data center industry. We are a dynamic and rapidly expanding startup company specializing in the development of innovative Direct- on-Chip cooling systems. Our cutting-edge technologies address critical needs in the thriving data center market. We foster a purpose-driven culture built on passion, optimism and a genuine commitment to our customers and each other.

At ZutaCore:

- We share a compelling vision and uphold a strong company culture.
- We are unwavering in our commitment to delivering high-quality products and services.
- We consistently set the industry standard for exceptional service.
- We believe that with determination and creativity, anything is possible.
- We operate as a unified team, fostering a culture of collaboration and winning.
- We take proactive action and assume accountability for our responsibilities.

Responsibilities include:

- Developing and maintaining documentation for hardware products, including user guides, installation instructions, test results presentation documents, and white papers.
- Developing and maintaining templates
- Creating relevant graphics
- Supporting developers, engineers, and product managers in all documentation activities

Requirements:

- At least 3 years of technical writing experience
- Excellent writing skills in English and fluently spoken Hebrew

- Technical background, preferable including knowledge of mechanical engineering
- Ability to quickly learn and understand new products and features
- Ability to handle multiple projects
- Experience with authoring and publishing tools, such as Word, Adobe Acrobat
- Experience with Corel PaintShop Pro / Adobe Photoshop (or similar) - advantage
- Familiarity with Captivate / Camtasia (or similar) advantage
- Knowledge of Microsoft Office tools Visio, PowerPoint, Excel

Join ZutaCore:
